Period

since 1997

Project Cost

10.000.000 €

Abstract

Traffic development of the former factory premises of MBB and DASA, currently with about 8,000 employees, should be reconsidered and extended in order to comply with the dynamic technological and service development for up to 16,000 employees as well as to meet the demanding infrastructural requirements. Part of the project "Bosch Telecom" and construction measures for Maria-Merian-Street were realised.

Scope of Service

pre-design, design, execution design,
preparation of tender documents,
construction supervision, documentation,
site supervision

Technical Data

Traffic development	approx. 85 ha
Gross floor area	approx. 285,000 m ²
Roads, paths, plazas, road illumination
